SUPPLEMENT TO OUR REGULAR LIST

INTRODUCING

A FEW OF OUR NEW CREATIONS For Your Own Home Gardens

These are not in production yet, so the stock is small and we may have to return some orders, so please get yours in early.

Growers—Sorry, but we haven't enough to offer the trade yet and reserve the right to return any and all orders.

LEGEND—L. Large; M. Medium; S. Small; in referring to size of corms. B. or Bts. Bulbets; P. Good Propagator; G. Good Germinator; H. Healthy.

MINIMUM ORDER accepted from this list, \$3.00.

A THRILL FOR YOU—Loan this list to your neighbor. If they order and mention your name we will reward you with something pretty.

If it's Thrills You Want—Why not have us name a lovely one for you in July or August at blooming time when we can select something to your liking. Tell us your favorite colors, and possibly we can make a deal, whereby you get the original Corm and all its increase, at a price in keeping with service rendered and quality of Hybrid selected.

Sincerely,

James W. Robinson

#467815—Pleasing shade of Medium Rich Rose, lighter throat, with rich peach feathering. Healthy and a good propagator. Limit one large corm, only 50c.

#467854—Light Flesh Pink, Peach Feather Bordered Cream M. Each \$1.00.

#467887—Lovely Light Salmon. I call this a perfect spike though it isn't too tall. Carries 20 buds, with 8 open, as many more in color, perfect placement and attachment, lies flat to the stem, a stem hugger. Florists pronounce it perfect for sprays and such as it's so dainty and makes up so nicely, in the 300 class with florlets about 4" diameter. I've looked at a million for one to name for Mother, this may be it. L. or M. \$5.00. H. P. G.

#4678125—Sister Hybrid of above, a little taller and a little brighter and plenty beautiful but not quite as refined. H. P. G. L. or M. Each \$3.00.

Peaches-N-Cream—This is a lovely daintily ruffled creamy Pink with Peach feathering. Fine P. G. H. Tall, opens 5 or more, I've seen 10 wide open—you'll love it. S. or M. \$3.00. Good anywhere any time.

****REGAL SPLENDOR**** — Exhibition—If you exhibit at your garden clubs, your county fair, state fair or anywhere else, and want to create a sensation, then get one of these, and we hope it'll be kind to you and bloom for you on show date. For the first three Blue Ribbons received by us from **you our customers**—we will give you each \$5.00 in Corms—and should you win a champion we'll give you \$25.00 in Corms. But we must get the Ribbons. It's hard to describe, but I'll try:

Tall Brilliant Flaming Medium Red, Regal and splendid as its name implies. 5 or more open. (Best yet, send \$1.00 deposit for a colored slide of it, that will tell you more than we could in a whole page. Return the slide to us in as good condition as we sent it to you and get your dollar back and you're nothing out.) Any size corm, \$10.00.

NOTE—With the exception of the last two items we will furnish 10 nice sized Bulbets for the price of one Corm. We haven't them to spare of the last two for a couple of years as we need them all for propagation.
